July 8th, 2022

Dear Valued Campers and Leaders,

Thank you for choosing to attend the Southwest Florida Council Winter Camp. Whether you are coming as a first-time visitor or returning as an experienced resident camp veteran, our program will deliver this promise: your troop will become much stronger for having attended our camp.

Please take time to familiarize yourself with our program and service offerings detailed in this guide. We encourage you to become familiar with our camp policies and practices so that together we can be sure our Scouts remain safe and healthy as they enjoy their activities.

The success of any camp depends on the quality of the staff. Our staff members have been selected based on their experience, training, ability to teach, love of Scouting and desire to make a lasting, positive impression on your unit. A great staff will deliver a great camp experience; ours is second to none.

As a leader bringing your troop to camp, you will be providing your Scouts with an experience that they will remember the rest of their lives. We understand there are many opportunities for your Scouts during winter break. We appreciate you choosing to spend this time with us.

Yours in Scouting,

Bruce Hassy

1 Role of the Scoutmaster

As Scoutmaster, you have a key role at camp. The staff at Price Sanders Scout Reservation is eager to assist you in planning program and tending to your units needs during your stay. Below is a list of your duties as a Scoutmaster before and during Winter Camp.

1.1 Before Camp

- Read this guide thoroughly. Be aware of its contents. Share contents with the Senior Patrol Leader and supporting adult leaders.
- Meet with each Scout attending Winter Camp to determine their plan for advancement. Guide your Scouts in making decisions that meet age-appropriate advancement needs.
- Hold a parent information night about Winter Camp. Monitor each Scout's registration and fees payment.
- Complete online unit registration beginning on August 31st, 2022. *Reminder: Last year's Winter Camp sold out in less than an hour. We expect that the 2022 Winter Camp will sell out in the same time. To ensure your unit's participation, please be prepared to register at 9:00 am on August 31st, 2022.*
- Alert the Camp Director of any food allergies via e-mail no later than December 2nd, 2022. (bruce.hassy@scouting.org)
- Inspect each adult/youth medical form to ensure that it is up to date and completed to the standards specified in this guide. For faster check-in, bring your unit's Health & Medical Records to the Scoutmaster/Senior Patrol Leader Camp Planning Meeting at Camp Miles on Thursday, December 8th, 2022 at 7 p.m). **Always submit copies of all medical forms to the camp, never originals.**
- Review Check-in/Check-out procedures with Scouts and parents prior to arrival to camp. Please encourage carpooling.
- Attend the Scoutmaster/Senior Patrol Leader Camp Planning Meeting at Camp Miles on Thursday, December 8th, 2022 at 7 p.m. Units attending this meeting will have first choice for scheduling unit activities. Out of council units may attend this meeting by conference call.

1.2 During Camp

- The primary adult unit leader and the Senior Patrol Leader may arrive in camp anytime between 7 a.m. and 9:30 a.m. on December 26th. **One** vehicle may tow your unit trailer to your campsite. The vehicle must be parked in the main parking lot no later than 12 noon. Vehicles will not be allowed in the campsites while Winter Camp is in session.
- The primary adult unit leader and Senior Patrol Leader should attend the 9:30 a.m. Leader Meeting on December 26th to be briefed about unit check-in procedures.
- Meet with the Camp Business Manager on December 26th to reconcile your account and confirm your roster. This will take place immediately after the Leader Meeting.
- Meet with your campsite commissioner daily while in camp. Your campsite commissioner is your liaison for equipment needs and campsite issues.

- Review with your unit the Fire Guard Chart, Dining Hall Waiter Roster, Daily Campsite Inspection Checklist, all campsite bulletin board materials and trading post times. Refer any questions to your campsite commissioner.
- Close your camp experience by following the close-out procedures in this guide.
- Return all borrowed equipment to your campsite commissioner.
- Pick-up all medications from the Medical Lodge before your departure from camp.
- Pick-up all advancement paperwork from the Administration Building before your departure from camp.
- Fill out the Camp Evaluation Form at the end of Winter Camp.

2 Role of the Senior Patrol Leader

The Senior Patrol Leader is the primary leader while camp is in session. Listed below are his/her responsibilities before and during Winter Camp.

2.1 Before Camp

- This Leader Guide is also the Senior Patrol Leader's manual for Winter Camp. Read this guide thoroughly. Be aware of its contents.
- Before your unit registers for Winter Camp online meet with the members of your troop/patrol to discuss merit badge opportunities and unit activities available at Winter Camp. These activities are scheduled at the Scoutmaster/Senior Patrol Leader Camp Planning Meeting.
- Ask an adult from your unit to complete online unit registration beginning on August 31st, 2022. **Reminder: Last year's Winter Camp sold out in only one hour. To ensure your unit's participation, please be prepared to register at 9:00 am on August 31st, 2022.**
- Attend the Scoutmaster/Senior Patrol Leader Camp Planning Meeting at Camp Miles on Thursday, December 8th, 2022 at 7 p.m. Units attending this meeting will have first choice for scheduling unit activities.

2.2 During Camp

- The Senior Patrol Leader may arrive in camp anytime between 7 a.m. and 9:30 a.m. on December 26th and should attend the 9:30 a.m. Leader Meeting to be briefed on unit check-in procedures.
- Attend the daily SPL meeting on the parade field at 11:30 a.m.
- Complete the Fire Guard Chart and the Waiter Roster on the bulletin board in your campsite. Ensure that all Scouts are aware of their duties and see that they are carried out.
- Make daily announcements, before breakfast, to inform troop members and adults of the day's program items and unit activities.
- Make sure the members of your troop, through your patrol leaders, observe the times for taps and reveille. Be respectful of your campsite neighbors.
- Fill out the Camp Evaluation Form at the end of Winter Camp.

 Fort Myers, Florida 33907

Southwest Florida Council Service Center Phone Numbers:
 Voice: (239) 936-8072, Fax: (239) 936-7864

6.1 What is included in my registration fee?

Your fee includes registration, one patch, all meals (starting with dinner on December 26th and ending with breakfast on December 30th) and most program supplies.

Kits required for certain merit badges are extra and are noted in the program section of this guide. Tickets for rifle and shotgun open shoots may be purchased in the trading post.

6.2 Cancellation Policy

Once registration fees have been paid, an individual may become ill or otherwise be unable to attend an event. Since the event has already incurred expenses related to the activity, event fees are non-refundable and non-transferable.

An exception will be made if a request is received in writing or e-mail and submitted to the Southwest Florida Council Service Center by the requesting individual **no later than December 2nd, 2022**. In most cases, only a partial refund can be made. Refunds for inclement weather will be made only if the event is cancelled.

7 Campsite Assignments

Many factors go into assigning campsites during Winter Camp. The size of your troop, the medical needs of your Scouts and the timeliness of your registration will help our staff determine priority for campsite assignment. Please e-mail your top three campsite preferences to the Business Manager (swflactivityreg088@gmail.com <mailto:pssrcampdirector@gmail.com>) no later than December 2nd, 2021. **NEW in 2022: The Council will no longer provide cots and tents at Winter Camp. All units will be required to bring their own tents.**

8 What do I bring to camp?

We suggest that each item your Scout brings to camp be labeled with the Scout's name and troop number. This will be helpful in returning lost items. Lost and found items should be brought to the Dining Hall. At the end of this guide there is a list of recommended items each Scout should bring to camp. Please distribute this list to your Scouts and parents.

We strongly recommend leaving cell phones and electronic devices (other than cameras) at home to ensure that they are not lost or broken.

9 Medical Information

The health and safety of the Scouts and Scouters is a primary consideration at Price Sanders Scout Reservation. We provide a health lodge for minor medical care. The Southwest Florida Council supports and enforces all policies as outlined in the Guide to Safe Scouting. One or more persons trained to handle

minor accidents or illnesses will staff the Medical Lodge the entire duration of Winter Camp. Special arrangements for the treatment of more serious cases have been made with the administration of Bayfront Health Center, 809 E Marion Ave, Punta Gorda, FL 33950. In the event such treatment is required, the Scout's parents will be notified by telephone to determine their desires concerning further treatment.

9.1 Medical Screening Process

As troops arrive at camp, a medical screening is required. During this process, the camp health officer will examine the troop's medical forms (if not emailed to the health officer prior to arrival) to see that all are complete, review each camper's history, and receive any medications to be administered at the health lodge. Southwest Florida Council reserves the right to refuse admittance to any Scout or Scouter who, in the opinion of the camp health officer and the camp director, has developed any physical or medical situation that could present a hazard to the Scout or Scouter, or other campers, by being in camp.

9.2 Medical Form

Check your Troop's medical forms early. A BSA medical form for all BSA members is mandatory and available at https://filestore.scouting.org/filestore/HealthSafety/pdf/680-001_ABC.pdf

These forms must be completed and signed before arriving at Winter Camp. Scouts and adult leaders without a signed medical form will not be permitted to participate in activities and will be sent home. Every Scout and adult leader must submit an up to date and complete BSA Annual Health & Medical Record form in order to attend camp, no exceptions. Parts A, B and C of the medical form must be completed for all campers. Any Scout participating in the Renegade Program or Discover Scuba Program must also complete part D of the medical form.

All medical forms submitted for Winter Camp must be signed and dated by a Medical Doctor, Licensed Nurse Practitioner or Licensed Physician's Assistant on Part C within 12 months of December 31st, 2022. All medical forms submitted for Winter Camp must be signed and dated by a parent or guardian within 12 months of December 31st, 2022; this gives the camp permission to treat in the event of a medical emergency.

The BSA Annual Health and Medical Record is the only permitted form to be used for Scouts BSA/Venturing resident camp, there are no exceptions. Please work with your doctor to include all information within the BSA form and avoid using attachments.

9.3 Medications

National Boy Scouts of America policy mandates all medications at a resident camp session lasting more than 72 hours must be declared both upon the individual's arrival as well as on their medical form. Medications to be taken at camp must be turned in at the medical screening or the troop must have a secure lock box if decision is made to dispense drugs at the campsite. Medical staff will dispense medications if it is the wishes of the parent and/or troop leadership provided a Permission to Administer Form (see forms sections) has been completed and signed by the parents. Emergency medications (or other medications noted only by the health officer at check-in) are exceptions.

All medications are to be in their original containers with a doctor name, patient name, administration instructions, dosage and date on the pharmacy label (or accompanied by a doctor's note with this information on his/her stationery). If any changes occur to the information provided on the pharmacy-labeled container (or doctor's note), an updated doctor's note must be included which describes and approves such changes. Only medications listed on the medical form will be allowed. Parental permissions do not replace, supplant or alter doctors written orders on medical forms. A note from the doctor must clearly indicate when and for what reason medications are taken on an 'as needed' basis. New medications prescribed after the medical form was completed must be accompanied by a current doctor's note authorizing its use. Over-the-counter medications will be permitted only with a note from the doctor authorizing such.

9.4 EPI-Pen & Inhalers

The Southwest Florida Council requires resident camp participants under the age of eighteen who carry EPI-pens and/or inhalers to submit a parental permission form (see forms section). Scouts who need inhalers or EPI-pens should plan to keep them on their person at all times. The parental permission form should be submitted with the participant's BSA medical form to the camp health officer no later than December 2nd, 2022.

9.5 Special Dietary Needs

Campers with medical related special dietary needs (due to food allergies, etc.) should e-mail the Special Dietary Needs Form, found in the forms section of this leader guide, to the Camp Director (bruce.hassy@scouting.org) no later than December 2nd, 2022 to ensure that necessary substitutions are available.

9.6 Hospitals and Doctors

It is the responsibility of the troop leadership to provide transportation for Scouts requiring services from a doctor or hospital. Two-deep leadership must be maintained with the injured Scout and the Troop at camp.

At least one adult from the Troop should accompany the Scout to the doctor or hospital and are asked to take insurance forms with them. The leader must obtain the injured Scouts health record from the health lodge before going to the doctor or hospital. Parents will be notified immediately of any serious illness or injury. The camp will provide transportation only when a troop has none available.

9.7 Insurance

The Southwest Florida Council insures each of its registered Scouts and adult leaders for accidents, sickness or injury that may occur during their stay at camp. This insurance coverage is secondary, meaning that it will only cover those expenses that are not recoverable under any other policy. Out of Council units must provide written evidence of their insurance coverage through their local council or as an individual unit at the medical screening.

9.8 Key questions to check regarding medical paperwork

- Is the medical form signed and dated by a parent?
- Is the medical form signed by an MD, ARNP or PA and dated within the last 12 months?
- Are all medications listed on the medical form?
- If there have been any changes since the form was completed has additional documentation verifying the changes been attached?
- Did you keep the original medical form for your records and send a copy with the troop to camp?
- Does the form list all allergies (foods, medications, environmental)? **If the participant has food allergies should e-mail the Special Dietary Needs Form, found in the forms section of this leader guide, to the Camp Director (bruce.hassy@scouting.org) no later than December 2nd, 2022 to ensure that necessary substitutions are available.**

9.9 Recommended medical practices before and during camp

- Please email / bring a copy of each camper's health insurance card. This will exponentially expedite the process for medical treatment at local hospitals, if necessary.
- Make certain medication and treatment practices from home are listed exactly on the medical form signed by the doctor. Parental interpretations, permissions or practices from home are not permissible by State Law at camp if those practices are not listed by a doctor on the medical form. To be clear: our medical staff are legally bound to follow what is written by the doctor on the medical form; not what the parent instructs whether in verbal or written form.

- Units should assign one adult to be familiar with all medical matters within the unit and to handle all medical questions at check-in.
- Please make copies of all forms prior to submitting them to the Southwest Florida Council.

10 Policies and Procedures

10.1 Telephone Use and Messages

If we receive an incoming call at the Administration Building, a message will be placed in your unit's mailbox. In the case of emergency, the message will be hand delivered. The contact numbers of camp key staff are for emergency or business use only. **Please discourage your Scout's parents from the need for daily updates.** "No news is good news" works best.

10.2 Cell Phone Usage

Cell phone usage is limited to adults only at PSSR. Cell phones may never be used in sight/sound of youth under the age of 18. Cell reception at PSSR is very poor, and thus, we discourage use of cell phones completely. Consult the Camp Director for further information or questions.

10.3 Radios and Walkie-Talkies

The use of citizen band radios is permitted in camp. Use of two-way or ham radios must be approved in advance by the Camp Director as they might interfere with camp emergency radio equipment.

10.4 WiFi for Adult Leaders

Adult Leaders will find Wi-Fi available in the Scoutmasters' Lounge. Leaders are responsible for providing their own computer/device which can access the Wi-Fi service. If any Scout is found utilizing the Wi-Fi at any time, even with an adult present, the router will be turned off. Similar to the cell phone and smoking policies, Wi-Fi usage is never to include Scouts. When possible, please use the internet in a way which will least interfere/distract other scheduled meetings and activities.

10.5 Prohibited Items

- Alcohol possession
- Firearms, weapons
- Fireworks, loud noisemakers, canons
- Drugs/un-prescribed medications (not from Camp Nurse)
- Unauthorized generators
- Unauthorized vehicles of any kind
- Unauthorized bikes or bikes w/o proper safety gear
- Chainsaws
- Logos, slogans, designs that conflict with Scouting ideals
- Pets of any kind
- Open-Toed Footwear

10.6 Southwest Florida Council Knife Policy

Folding knives with a blade length not exceeding 3 ½” are appropriate for legal and practical uses at Southwest Florida Council activities including resident camp. Sheath knives, knives with fixed blades of any length, machetes, bayonets, swords, cleavers, death stars, stiletos and switchblades are not allowed for youth or adult use at Southwest Florida Council functions. The only exception to this rule is the use of a chef’s knife for the sole purpose of food preparation.

10.7 Stoves, Lanterns and Fuels

Due to the extreme danger involving storage of fuels used in camping lanterns/stoves, you must make arrangements with your Campsite Commissioner to store fuels in a safe place. Lanterns may not be hung in tents. Use of lanterns and stoves must be used under adult supervision. **NO FLAMES IN TENTS.**

10.8 Wild Animals at Camp Miles/Price-Sanders Scout Reservation

Price-Sanders Scout Reservation Scout Reservation is a part of the Fred C. Babcock/Cecil M. Webb Wildlife Management Area and is home to many species of wild animals, from field mice to Florida panthers. To maintain safety for all, we mandate all campers/leaders observe these guidelines:

- No food in tents at any time
- Be careful of non-foods w/curious scents
- Never feed animals nor leave food for them

Any abnormally acting animal should be reported to the Administration Building immediately. Keep away from such animals regardless of size.

10.9 Campsite Cleanliness

Our commissioner staff will provide training and supplies for the purposes of keeping your campsite and shared camp facilities clean. Each campsite will be monitored daily for health & safety trends and upkeep.

10.10 Trash Cans and Trash Pick-up

Please help keep our camp clean. A trash can with bags is provided at each campsite. Please leave tied trash bags by the road so it can be emptied. This will also keep wild animals from coming into your campsite. Trash is picked up after breakfast each day. Trash cans are also located throughout camp. Recycling containers are marked and provided throughout camp.

10.11 Shower Houses and Bathrooms

Two shower facilities are available in camp:

- Central Shower Building behind the Dining Hall
- Pool House Showers on the west side of the Pool House

Please remember to leave the shower facilities better than you found them. A duty roster will be issued which assigns various troops/crews the task of cleaning central facilities on the last day of camp. A Scout is clean.

10.12 Footwear

Bare feet are only allowed in your tent, the shower, in a boat or in the pool facility. Everywhere else you must wear closed-toed shoes.

10.13 Smoking

Smoking is reserved for adults ages 18 and older. Smoking may never be within sight, smell or knowledge of a youth. Smoking may never take place in a building or tent. This policy applies to e-cigarettes as well.

10.14 Youth/Leaders with Disabilities

Any special accommodation request must be made in writing by December 2nd, 2022. The Southwest Florida Council will do its best to assist with special needs but can make no guarantees.

10.15 Are you in shape for camp?

You will be required to pack your personal gear to your assigned campsite. We do not provide or encourage any alternative means of getting around camp other than by foot. Any exception to this policy must be discussed and authorized by the Camp Director in writing by December 2nd, 2022.

10.16 Lost and Found

Please label all of your gear with name and troop number. The camp is not responsible for lost or stolen items. Lost and found items are collected at the Administration Building. When camp ends, items are sent to the Council Service Center in Fort Myers.

10.17 Buddy System

We always use the buddy system at Price-Sanders Scout Reservation. This is a great chance to make new friends and stay safe.

10.18 Promotional Photos

We are always taking photos and video throughout the session for camp promotional purposes. If you or any member of your unit has objections, please notify the Camp Director by December 2nd, 2022. If your troop is willing to share pictures, we would love to have a copy of them. We're always looking for pictures that capture our staff and campers in action.

10.19 Damage, Graffiti & Vandalism

There is to be no defacement or unauthorized alteration of buildings, picnic tables, tents, trees, structures or equipment in camp. The repair of all damage will be charged at an hourly rate of \$50/hour plus materials. Charges for damage/vandalism must be paid before checkout.

10.20 Commissioner Service

Your campsite commissioner is your host. The camp commissioner staff will make daily campsite visits to conduct your campsite inspection. Please offer suggestions, ask questions and seek advice. Our goal is to help you deliver the best possible outdoor program to your troop.

10.21 Quartermaster Store and Supplies

The camp commissioner staff can provide you a list of items available at the Quartermaster Store located behind the trading post.

Toilet paper may be obtained from either your Commissioner or the Dining Hall Steward. Other cleaning supplies, American flags, brooms, axes, saws and service project tools are available from your Commissioner. All unused supplies and loaned equipment must be returned before checkout. Please check the Unit Packing List for suggested items to bring from home.

10.22 Troop and Patrol Flags

Don't forget to bring your troop flag to camp. Your troop will assemble behind your troop flag three times each day on the parade field. Patrol flags are also encouraged.

10.23 Camper Departure or Dismissal

The Camp Director must be notified if a camper leaves camp, for any reason, before the end of the week. Please make arrangements to gather advancement paperwork for early departures.

10.24 Trading Post

Price-Sanders Scout Reservation has a trading post supplied with a wide selection of items.

- Toiletries
- Camping equipment
- T-shirts, hats, patches
- Snacks and ice cream
- Mosquito nets, bug repellent
- Soda and juice drinks
- Dutch oven class tickets
- Rifle range tickets
- Shotgun range tickets

10.25 Parking and Vehicles in Camp

Carpooling is highly encouraged. All vehicles must park in the main parking lot. Do not block or park alongside roadways. The speed limit on the main camp road is 20 mph and 10 mph on all other roads in camp. Campers under age 18 need written permission to have a vehicle in camp.

10.26 Quiet Hours, Reveille and Taps

A Scout is courteous. Quiet hours are from 10:00 pm – 7:00 am. Taps is at 10:00 pm each evening. All Scouts should remain in the campsite until reveille. Leaders are responsible for their unit's conduct. If your troop plays reveille or taps, it must be sounded at 7:00 am and 10:00 pm respectively.

11 Health and Safety

11.1 Emergencies in Camp

The camp staff has undergone extensive training to prepare for emergency situations that might arise in camp. The camp has emergency phone numbers posted near all building entrances; FM radio communication throughout the reservation; a written agreement with the local emergency service providers; fire equipment and first aid material and a working relationship with the local Sheriff's Department and the Fire Department. If you have any questions about procedures after reading this section of the manual, please ask. During an emergency your responsibility is for your unit.

11.1.1 Emergency Horn, Emergency Assembly Area (EAA)

When you hear one, long continuous sound from the camp siren (between three and five minutes in duration), please assemble your unit immediately on the parade ground.

Once assembled, please take a head count and send a junior leader to report attendance to the staff member in charge next to the parade field flagpole. The staff member in charge will provide further instructions to the junior leader to share with your unit.

Please stay in the Emergency Assembly Area until the all clear signal is given (three steady 5 second blasts from the siren).

If you hear the camp siren give a 15 second blast, the Thor-Guard lightning prediction system has been triggered and you must cease program and move to a grounded shelter. All hard-roofed pavilions and camp building are grounded shelters.

Please stay under hard shelter until the all clear signal is given (three steady 5 second blasts from the siren).

11.1.2 Earthquake

1. First check your surroundings for dangerous situations.
2. Avoid hazards such as falling debris, fallen utility lines or cracked water/gas pipes
3. Proceed immediately to an open area free of hazards; vacate buildings; stay away from glass windows/doors. If you must remain in a building, proceed to a reinforced area.
4. Following earthquake, units proceed to emergency assembly area; take attendance; send junior leader to staff member at the flagpole with a two-way radio, report unit status; further instructions will follow.

11.1.3 Fire

1. Mobilize your unit in a safe area. Send someone to the Administration Building to report the location of the fire.

2. Fire-fighting tools are located in each campsite. We do not want youths/units fighting fires.
3. Proceed to emergency assembly area; take attendance; send junior leader to staff member at the flagpole with a two-way radio, report unit status; further instructions will follow.
4. Check your Fire Guard Chart provided at camp for further details.

11.1.4 Flood

1. Mobilize your unit in a safe area.
2. Proceed to emergency assembly area; take attendance; send junior leader to staff member at the flagpole with a two-way radio, report unit status; further instructions will follow.

11.1.5 Lost Bather/Boater

1. Upon hearing the emergency horn, report to the emergency assembly area and check attendance.
2. Send a junior leader to a staff member at the flagpole and report attendance.
3. Stay at the emergency assembly area until all clear is given.

11.1.6 Lost camper

1. Report situation to the administration building immediately.
2. The Camp Director/Program Director will provide further instructions.

11.1.7 Personal Accident

1. Give immediate first aid.
2. Report accident to Health Lodge.
3. Medical Officer will administer further first aid and complete the Incident Information Report.

11.1.8 Severe Weather/Storm

1. If you hear the camp siren give a 15 second blast, the Thor-Guard lightning prediction system has been triggered and you must cease program and move to a grounded shelter. All hard-roofed pavilions and camp building are grounded shelters.
2. Please stay under hard shelter until the all clear signal is given (three steady 5 second blasts from the siren).

11.1.9 Limitations to activities due to extreme weather

Always notify the Camp Staff if you wish to cancel an activity. We will create a safe alternative for you.

11.1.9.1 Aquatics: All waterfront activities will be suspended under the direction of the Aquatics Director or their designee at the signs of impending thunder and lightning storms. All campers, volunteers and staff will leave the waterfront safely under the direction of the staff. The Aquatics Director will open aquatic program activities when deemed safe.

11.1.9.2 Boating, sailing and kayaking: All boating, sailing and kayaking activities will be suspended under the discretion of the Aquatics Director or staff leader in charge due to pending lighting storms or unsafe wind. Campers and volunteers will follow the directions of the staff member in charge to bring boats ashore. Program will reopen when the Aquatics Director feels conditions are safe.

11.1.9.3 COPE and Climbing Tower: At the direction of the COPE/Climbing Director, the climbing tower and high and low elements will be evacuated pending severe electrical and lightning storm. Participants will follow the directions given by COPE Department staff. Program will reopen when deemed safe by the COPE/Climbing Director.

11.1.9.4 Hiking and outpost camping: Weather conditions will be checked prior to starting the trip. Seek shelter from open areas during electrical and lightning storms. Be aware of dangerous dead trees and branches during high wind alerts when picking campsites.

11.1.10 Other Hazardous Weather Conditions

Special consideration must be given to atmospheric conditions that may affect campers and staff. You will be alerted to any changes in schedule and program when the following conditions exist:

1. Extreme temperatures or high humidity.
 - a. Strenuous activities will be suspended and extra time at the waterfront will be made available.
2. Severe weather warnings:
 - a. Administration staff will monitor weather warnings. Commissioner staff will advise leaders.

11.1.11 Power Lines Down

If you discover electrical wires on the ground:

1. Keep all people at least 50 feet from the wire. Follow protocol for a serious accident.
2. Call or send two runners to the Administration Building to report the incident and location.
3. Do not touch the wires.
4. If injury has resulted, do not move the person until the wire can be safely moved away from the person.

11.1.12 Chemical or Unknown Substance Leak/ Spill

Care should be taken when confronted with any unknown material, and they should be taken very seriously. Typical hazard areas at Scout camp could include but not limited to: kitchens, roadways and parking lots.

If you discover an unknown substance (leak, spill or container), gasoline leaking from a vehicle, the odor of LP gas leaking from a tank:

1. Clear the area for at least 100 feet in all directions, moving people to the leeward side of the material. Keep all people away.
2. Send two runners to advise the camp administration.
3. The camp administration will alert the Camp Director, the Camp Ranger and local emergency response personnel to handle the incident.

If you discover gas leaking from a pressurized cylinder:

1. Clear the area for at least 1,000 feet, evacuating any adjacent structures.
2. Send two runners to alert the office about the LP gas leak.
3. Assure that the area remains clear until help arrives.
4. The camp administration will alert the Camp Director, Ranger and emergency response personnel.

11.2 Encounters with Wildlife

Price-Sanders Scout Reservation covers roughly 1,300 acres and offers a wide range of exciting adventures, including the opportunity to observe many types of birds, fish and wildlife. Undoubtedly the opportunity to observe these animals will provide lifetime memories.

Seeing them in their natural habitat is always a pleasure, but it is wise to remember that they are the permanent residents of the camp while you are the visitor. Treat them with respect; give wildlife enough space so it will not feel threatened by your presence. Most conflicts between people and wildlife are linked to careless handling of food or garbage.

In the event you are injured, provide first aid then please report to the Health Lodge immediately. For additional information or assistance contact your reservation director or camp ranger.

11.3 Home Sickness

Studies have shown that 83% of campers between the ages of 8 and 16 will become homesick during some point of their stay at camp. Homesickness can take many forms including headaches, sore throats, not eating or crying. It is important for adult leaders to be prepared for the possibility of one of their Scouts becoming homesick. Please consider the following:

11.3.1 Before Camp

- First and Second year Scouts are the most likely to become homesick during camp. Try to include them on at least two or three weekend camping trips before coming to winter camp. Not only does this provide Scouts with the valuable experience of being away from home, but it also allows them to get to know those in their unit better.
- Provide time during meetings for Scouts to discuss what camp is like with peers and troop leaders.
- Encourage parents calmly reassure their child and discuss camp with them ahead of time.
- Remind parents not to offer sentiments like, “Honey, if you don’t like camp, you can always call us and we’ll come get you.”

11.3.2 During Camp

- Our staff is trained to deal with homesickness. We are happy to help.
- Try to separate homesick campers, homesickness is contagious.
- Try to determine what is bothering your Scout. Children can get homesick for various reasons including missing their parents, not liking the food, being picked on or not sleeping well. Once you discover exactly what is bothering your Scout you can work to fix it. The solution most often does not involve giving them what they want. Consult the camp staff for assistance/advice. Remember, they came to camp to learn how to be independent.
- Slow times can be the toughest for homesick campers. They tend to focus on being homesick and this can make things worse. Try to keep your Scouts busy.
- Don’t make promises that you can’t keep. This will only compound the problem. Don’t offer bribes to Scouts for staying in camp, this sends the wrong message to children. The real reward should be the pride and confidence of surviving the week. Also please consult the staff before using the phone for any homesick emergency.
- Be sure not berate or tease Scouts for feeling homesick. These are legitimate emotions and must be respected as such.
- In most cases, the first and second nights are the most homesick-prone at winter camp.

12 Dining Hall

We want to make sure your dining experience during camp is enjoyable. We try to make the meals satisfying and with variety. Staying on a tight meal schedule is always challenging. We ask for your cooperation in following instructions and being on time.

We also will do our best to accommodate any special dietary needs that arise. Giving us advance notice of special diets is recommended. You are free to bring your own special dietary foods and arrange to store them in the kitchen by coordinating with the kitchen staff upon your arrival.

During the check-in tour, you will be required to attend the dining hall orientation where your unit will get their table assignment and be given the general rules of the dining hall. The Dining Hall Steward is in charge of giving directions to waiters and participants during all meals.

ALL MEALS WILL BE SERVED FAMILY STYLE. This may be a new concept for some, so your patience and cooperation is needed. All meals are portioned to accommodate 10 people at each table. There will be no seconds available. All your portions for the main dish and sides will be brought to your table by your table waiter for that meal. It is important that you portion equally among all 10 members of your table. It may be necessary to split up your troop to an adjacent table to accommodate the 10 person per table requirement. *Should your table have leftover portions during any meal, please offer them to an adjacent table.*

After the meal, clean-up instructions will be given by the Dining Hall Steward. Additional details will be given during your dining hall orientation.

13 Planning Your Program

The Southwest Florida Council's goal is to support the troop in meeting the aims of Scouting by providing methods to get there. As a troop leader, your goal is to:

- Grow Scouts in moral strength and character;
- Grow responsible Citizens
- Develop Scouts in physical, mental, and emotional fitness.

The Southwest Florida Council Winter Camp can help you meet these aims by providing camp specific methods such as:

- **Advancement** - We offer many advancement opportunities at each of our 9 program areas.
- **Ideals** - Our program has been designed to reflect the Scout Oath, Law, Motto and Slogan. Our Camp Staff is not only expected to exude these ideals but to help instill them in our campers.
- **Patrols** – PSSR expects and encourages each Troop to operate using the Patrol Method while at camp. We also take advantage of opportunities in each of our program areas to utilize the Patrol Method.
- **Outdoors** – PSSR is where the outdoors meets fun!
- **Adult Association** - Each of our program areas are led by adult leaders whose goal is to ensure that the campers in their area are having a positive experience.
- **Personal Growth** – PSSR encourages all Scouts, Patrols, and Troops to participate in service projects while at camp.
- **Leadership Development** - PSSR expects each Troop to utilize the youth-led method while at camp. All leader meetings at camp are geared towards elected Scout leaders (e.g. Senior Patrol Leaders) as well as the adult leaders.
- **Uniform** - PSSR expects all campers to wear the appropriate uniform at all times

13.2 Renegade Program

This is our exclusive older Scout program in which participants embark on three all-day, high adventure outings. Participants will spend one-day participating in a sampling of all of our shooting sports activities (Shotgun, Rifle, Black Powder, Tomahawks, 3D Archery), one day completing Aviation Merit Badge including an orientation flight and one day of Discover SCUBA.

Periods Offered:	1-4 (All Day Class)
Max. Class Size:	6
Prerequisites:	Participants MUST be Life or Eagle rank.
Supplies Needed:	None
Additional Fee:	\$125
Recommended For:	Participants MUST be 14 years of age or older. Participants will be age checked prior to the start of camp. Any registered youth who is under the age of 14 will <u>automatically</u> be dropped from the program. <u>No exceptions.</u>

Notes: Participants will not be able to take merit badge instruction during periods 1-4. This program is designed exclusively for Scouts who are summer camp veterans and are looking for new challenges. One of the excursions requires off-camp transportation.

13.3 First Year Camper Program

Our First Year Camper program is led by friendly, adult instructors who will see to it that each Scout's first time at camp is a great one. Campers will be able to focus on becoming comfortable in basic camping and outdoor skills all the while having a lot of fun. Scouts will participate in activities such as swimming lessons, team building games, orienteering skills, pioneering skills, basic first aid skills, knot skills, cooking skills, and more.

This program is designed to teach your Scout the skills needed to complete many Tenderfoot requirements.

Periods Offered:	1-2 (Double Period), 3-4 (Double Period)
Max. Class Size:	20
Prerequisites:	None
Supplies Needed:	None
Additional Fee:	\$0
Recommended For:	New troop members
Notes:	Campers will be required to participate in a one-mile orienteering course during a unit activity period.

13.4 Second Year Camper Program

Our Second Year Camper program is led by friendly, adult instructors. Campers will be able to focus on becoming comfortable in basic camping and outdoor skills all the while having a lot of fun. Scouts will participate in activities such as swimming lessons, team building games, orienteering skills, pioneering skills, basic first aid skills, knot skills, cooking skills, menu planning and more.

This program is designed to teach your Scout the skills needed to complete many Second Class and First Class requirements.

Periods Offered:	1-2 (Double Period), 3-4 (Double Period)
Max. Class Size:	20
Prerequisites:	None
Supplies Needed:	None
Additional Fee:	\$0
Recommended For:	Tenderfoot/Second Class Scouts
Notes:	Campers will be required to take a five-mile hike during a unit activity period.

13.5 Discover SCUBA

Have you ever wondered what it's like to breathe underwater? If you want to find out but aren't quite ready to take the plunge into a certification course, Discover SCUBA will let you try scuba to see if you like it. While not an actual scuba certification, during the Discover SCUBA experience you'll learn how to use SCUBA equipment in our camp pool and get a 6-hour introduction to what it takes to explore the underwater world.

Periods Offered:	3-4 (Double Period)
Max. Class Size:	10
Prerequisites:	None
Supplies Needed:	None
Additional Fee:	\$125
Recommended For:	Participants must be 13 years of age or older.
Notes:	Participants must provide a completed BSA Annual Health & Medical Record Part D with the NAUI Medical Statement.

13.6 Unit Activity Periods

MONEY IN CAMP

We recommend that one of the adult leaders serve as the "banker" for each troop, holding the money for each Scout, and issuing it to him in small amounts. Most Scouts bring around \$60 to camp.

MEDICATIONS

All medications should be turned in to the Troop leadership for safe keeping during the week. Our Medical Lodge can store medications that have to be refrigerated. Please keep items like Epi-Pens and inhalers with you at all times.

A NOTICE TO ONE AND ALL:

Do not bring firearms, ammunition, bows and arrows, or fireworks to camp. Camp Policy and insurance requirements prohibit their presence on the property. They cannot be stored in campsites or used on our ranges. Thank you for your cooperation.

FLAMMABILITY WARNING CAMPING SAFETY RULES

NO TENT MATERIAL IS FIREPROOF AND IT CAN BURN WHEN EXPOSED TO HEAT OR FIRE. FOLLOW THESE RULES:

- Only flashlights and battery-powered lanterns are permitted in tents. **NO FLAMES IN TENTS** is a rule which must be enforced.
- Chemical-heated stoves, heaters, lanterns, lighted candles, matches, or other flame sources should **never** be used in or near tents.
- Do not pitch tents near open fire.
- Do not use flammable chemicals near tents: charcoal lighter, spray cans of paint, or bug killer and repellent.
- Be careful when using electricity and lighting in tents.
- Always extinguish cooking and campfires properly.
- Obey all fire laws, ordinances, and regulations.
- Keep campers informed on a daily basis of your camp's fire danger.

Clearing all burnable material 4 to 6 feet away from the fires or as required by local law.

In the case of Cub Scouts, they should immediately seek adult help, sound the alarm by yelling, "Fire!" and stay away from attempting to fight any camp fire. If adult help is not readily available, the Cub Scout should continue to sound the alarm, send a runner for help, and/or dial the camp office or 911.

REPORTING AND ASSEMBLY INSTRUCTIONS

All some camps local changes are made in these suggested procedures. All exceptions, however, should be made on the recommendation and with the approval of local fire authorities.

IN A UNIT CAMPSITE

1. Sound the alarm by yelling "Fire!" and then notify the first adult you see, then report to a camp officer or the camp fire warden.
2. Extinguish a fire only if it can be done quickly and easily.
3. When the central alarm is sounded to warn the camp, quickly mobilize in your unit. Move to your preassigned point immediately and await directions.
4. A runner reports to the camp office for instructions from the camp fire warden.
5. In the event of a tent fire, you can douse it with water or sand, or simply stand back and let professionals fight the fire.

OUTSIDE UNIT CAMPSITE

1. If you discover a fire anywhere in camp, report immediately to the camp office so the alarm may be sounded and fire authorities notified.
2. Camp fire warden sounds the central alarm, and your unit follows steps 3 and 4 above.
3. **Remember:** Campers should not be directly involved in the fire fighting process except for fires that can be quickly and easily extinguished.

In case of a fire in our campsite, we will notify _____ Camp fire warden and follow the instructions of our unit fire warden.

Control of Flammable/Combustible Liquids and Gases in Camp

Because serious accidents can happen in connection with the use of liquid fuel, propane, butane, etc., in lanterns and stoves and as a result of igniting fires with liquid starters, adult supervision is required when chemical fuels are being used for lighting and cooking. Local councils have the option of restricting the use of chemical-fueled stoves, lanterns, and heaters in campsites under their jurisdiction.

- **Knowledgeable adult supervision** must be provided when Scouts are involved in the storing, handling, and filling of stoves or lanterns or the lighting of chemical fuels.
- **Battery-operated lanterns and flashlights** should be used in all tents. No chemical-fueled lantern, stove, or heater is to be used inside a tent.
- **Kerosene, gasoline, or liquefied petroleum-fuel lanterns** may, when permitted, be used inside permanent buildings or for outdoor lighting. When used indoors, there must be adequate ventilation. Strict adherence to the safety standards and the instructions of the manufacturers in fueling and lighting such stoves and lanterns must be carried out under the direct supervision of a responsible and knowledgeable adult.
- **Empty liquid-petroleum cylinders for portable stoves and lanterns** should be returned home or to base camp. They can explode when heated, therefore, they must never be put in fireplaces or with burnable trash.
- **The use of liquid fuels for starting any type of fire is prohibited.** This includes damp wood, charcoal, and cer-

Year-Round Prevention Plan

Will your camp be there next season? This is a good question to ask at the close of each camping season as you pack away equipment and leave. In fairness to next year's campers, do everything that can be done to ensure the safety of camp equipment and camp timber.

Fall, with its dry, dead leaves that often bank high around camp buildings is, in many sections of the country, the most dangerous fire season of the entire year. Spring is another bad time.

Here is a checklist of things to do at all times to be sure that your camp is fireproof year-round:

1. Destroy greasy rags.
2. Dispose of all combustible refuse and trash safely.
3. Be sure that doors and shutters are strong enough to keep out trespassers, vandals, or thieves.

emotional campfires. Solid-type starters are just as effective, are easier to store and carry, and are much safer to use for this purpose.

- **Space heaters that use chemical fuels consume oxygen and must be used only in well-ventilated areas.** Using space heaters in poorly ventilated cabins, camper trucks, and recreation vehicles can cause fires and asphyxiation. The use of charcoal burners indoors can be lethal in causing carbon monoxide poisoning.

Bulk Storage and Practices

Storage of liquid fuel and other flammables is a camp maintenance function. Filling tanks for motors, vehicles, and motorboats should always be handled by someone qualified by age and training for this responsibility. Similar responsible handling and control are prescribed for the limited use of kerosene. Use kerosene only for outside night lights and stationary heating stoves (not portable). Both gasoline and kerosene should be kept in well-marked safety cans and stored in ventilated locked boxes located away from buildings and tents. Large quantities of gasoline should be stored in a properly installed fuel tank with pump. Keys to pumps and storage boxes or sheds should be given to one adult (primarily the camp ranger), who distributes these fuels. Propane or butane storage tanks and permanent caps should be installed by experienced and knowledgeable individuals and changed only by gas distributors. These installations must conform to local regulations and must be inspected regularly.

Year-Round Prevention Plan

4. Stow away firewood and loose equipment that might be used by trespassers.
5. Clear away dead grass or trees, ferns, leaves, bushes, straw piles, and trash from buildings.
6. Clean grease traps and dispose of the grease by burning it at a safe place or burying it in mineral earth.
7. Be sure the camp is ready for winter use. Check fuels, wall and floor protection around heaters, and protecting screens for fireplaces. Inspect location of fire paths, fire extinguishers, and mobile fire-fighting equipment.
8. Develop a fire prevention plan in accordance with OSHA standard 29 CFR 1910.139.

HOW YOUR UNIT FIREGUARD PLAN WORKS

DUTIES

When you arrived at camp, you were oriented and trained in the use of the unit fireguard plan. It is your responsibility as a unit leader to train your Scouts in fire prevention, fire detection, reporting, and fire control. Only implement fire control techniques that can be done quickly and easily.

Study the procedures outlined on this chart and then train your staff and youth members. Post the chart for all to see and follow. At some camps local changes are made in these suggested procedures. All exceptions, however, should be made on the written recommendation and with the approval of local fire authorities.

Organize to make the fireguard plan work by appointing capable fire wardens and deputies.

FIRE WARDENS AND DEPUTIES

As responsible Scouts appointed by their adult leader, the unit fire warden and his deputy are in charge of training, know where fire equipment is located, and are familiar with the unit fireguard chart. They instruct all unit fire wardens and Scouts in the operation of the camp fireguard plan. They conduct annual inspections of fire extinguishers and check to be sure all cooking fires, heating fires, and campfires are out at night or when no one is attending or monitoring the fire during the day. Unit fire wardens and deputies conduct fire drills at least once a week and follow the direction of the camp fire warden. They receive reports related to fire hazards daily from the duty fire warden.

Every boy in the unit should feel responsible for fire prevention, but the unit fire patrol for each day must be alert and ready to evacuate and account for everyone in case of fire emergency or drill.

If a small fire breaks out, the person discovering it should take immediate action, whether or not he is on the fire patrol for the day. Time is the most important element in the suppression of a fire. Some examples of fire control techniques are:

- Immediately send someone to seek assistance, send a runner for help, and/or dial the camp office or 911.
 - Douse fire with water or sand.
 - Smother fire with a lid.
 - In the event of a tent fire (canvas only), simply kick out the end tent poles if it can be done safely.
- Remember: Campers should not be involved in the fire fighting process except for fires that can be quickly and easily extinguished.**

In making daily inspections of the unit campsite, the unit fire warden should follow the fire-prevention suggestions and use the fire-fighting equipment illustrations found throughout this chart as a guide. Campsite equipment will vary according to your camp. Results of the daily inspection should be posted on the chart in the space provided.

PATROL FIRE WARDEN

The patrol leader is responsible for training his patrol in the unit fireguard plan and leading the unit in practice evacuation and fire prevention.

He checks daily to be sure all members are preventing fires and are prepared in case a fire breaks out. He makes sure and double-checks that fires are built only on nonburnable soil in areas where they will not spread. He verifies to see that all fires are put COLD OUT and that open flames are not permitted in or near tents. He shows patrol members how to drop tents (canvas only) in case of fire. In the event of a tent fire (canvas only), you can simply kick out the end tent poles if it can be done safely and let professionals fight the fire.

Informed Consent, Release Agreement, and Authorization

I understand that participation in Scouting activities involves the risk of personal injury, including death, due to the physical, mental, and emotional challenges in the activities offered. Information about those activities may be obtained from the venue, activity coordinators, or your local council. I also understand that participation in these activities is entirely voluntary and requires participants to follow instructions and abide by all applicable rules and the standards of conduct.

In case of an emergency involving me or my child, I understand that efforts will be made to contact the individual listed as the emergency contact person by the medical provider and/or adult leader. In the event that this person cannot be reached, permission is hereby given to the medical provider selected by the adult leader in charge to secure proper treatment, including hospitalization, anesthesia, surgery, or injections of medication for me or my child. Medical providers are authorized to disclose protected health information to the adult in charge, camp medical staff, camp management, and/or any physician or health-care provider involved in providing medical care to the participant. Protected Health Information/Confidential Health Information (PHI/CHI) under the Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. §§160.103, 164.501, etc. seq., as amended from time to time, includes examination findings, test results, and treatment provided for purposes of medical evaluation of the participant, follow-up and communication with the participant's parents or guardian, and/or determination of the participant's ability to continue in the program activities.

(If applicable) I have carefully considered the risk involved and hereby give my informed consent for my child to participate in all activities offered in the program. I further authorize the sharing of the information on this form with any BSA volunteers or professionals who need to know of medical conditions that may require special consideration in conducting Scouting activities.

With appreciation of the dangers and risks associated with programs and activities, on my own behalf and/or on behalf of my child, I hereby fully and completely release and waive any and all claims for personal injury, death, or loss that may arise against the Boy Scouts of America, the local council, the activity coordinators, and all employees, volunteers, related parties, or other organizations associated with any program or activity.

I also hereby assign and grant to the local council and the Boy Scouts of America, as well as their authorized representatives, the right and permission to use and publish the photographs/film/videotapes/electronic representations and/or sound recordings made of me or my child at all Scouting activities, and I hereby release the Boy Scouts of America, the local council, the activity coordinators, and all employees, volunteers, related parties, or other organizations associated with the activity from any and all liability from such use and publication. I further authorize the reproduction, sale, copyright, exhibit, broadcast, electronic storage, and/or distribution of said photographs/film/videotapes/electronic representations and/or sound recordings without limitation at the discretion of the BSA, and I specifically waive any right to any compensation I may have for any of the foregoing.

Every person who furnishes any BB device to any minor, without the express or implied permission of the parent or legal guardian of the minor, is guilty of a misdemeanor. (California Penal Code Section 19915[a]) My signature below on this form indicates my permission.

I give permission for my child to use a BB device. (Note: Not all events will include BB devices.)

Checking this box indicates you DO NOT want your child to use a BB device.

NOTE: Due to the nature of programs and activities, the Boy Scouts of America and local councils cannot continually monitor compliance of program participants or any limitations imposed upon them by parents or medical providers. However, so that leaders can be as familiar as possible with any limitations, list any restrictions imposed on a child participant in connection with programs or activities below.

List participant restrictions, if any:

None

I understand that, if any information I/we have provided is found to be inaccurate, it may limit and/or eliminate the opportunity for participation in any event or activity. If I am participating at Philmont Scout Ranch, Philmont Training Center, Northern Tier, Sea Base, or the Summit Bechtel Reserve, **I have also read and understand the supplemental risk advisories, including height and weight requirements and restrictions, and understand that the participant will not be allowed to participate in applicable high-adventure programs if those requirements are not met.** The participant has permission to engage in all high-adventure activities described, except as specifically noted by me or the health-care provider. If the participant is under the age of 18, a parent or guardian's signature is required.

To the Instructor: If any condition listed on the medical history form in the student record folder is checked by the student, you are required to individually interview the student. If, as a result of the interview, you are unsure whether or not the condition is a contraindication to diver training send the student to a physician for a medical exam. In the event that referral to a physician is necessary, provide the student with this NAUI Medical Form and transfer the student's medical history and any notes to the copy to take with them to the physician.

To the Physician: This person is an applicant for training in diving with self-contained underwater breathing apparatus (SCUBA). This is an activity which puts unusual stress on the individual in several ways. A list of contraindications is on the reverse of this form for your reference.

The student applicant's medical history below was provided during the enrollment process.

PLEASE RETURN THIS FORM TO THE STUDENT APPLICANT

Please note that the medical examination form presents a choice under IMPRESSION. We can only accept unconditional approval as stated for student applicants desiring to begin or continue training. If you conclude that diving is not in the individual's best interest or that their medical condition is likely to present a probable direct threat to others, please discuss your opinion with the person and check disapproval.

- IMPRESSION:
- APPROVAL (I find no medical conditions I consider incompatible with diving.)
- DISAPPROVAL (This applicant has medical conditions which in my opinion clearly would constitute unacceptable hazards to health and safety in diving.)

CONTRAINDICATIONS TO DIVING

This list of relative and absolute contraindications is not all inclusive. Contraindications that are absolute permanently place the diver and his diving partners at increased risk for injury or death. Relative contraindications to scuba may be resolved with time and proper medical intervention or may be intermittent. A bibliography is included to aid in clarifying issues that arise. The Divers Alert Network (DAN) physicians are available for consultation by phone (919) 684-2948 during normal business hours. For diving related emergencies call, DAN at (919) 684-9111 24 hours, 7 days a week.

OTOLARYNGOLOGICAL

Relative Contraindications:

- History of...
 - significant cold injury to pinna
 - TM perforation
 - tympanoplasty
 - mastoidectomy
 - mid-face fracture
 - head and/or neck therapeutic radiation
 - temporomandibular joint dysfunction
- Recurrent otitis externa
- Significant obstruction of the external auditory canal
- Eustachian tube dysfunction
- Recurrent otitis media or sinusitis
- Significant conductive or sensorineural hearing impairment
- Facial nerve paralysis not associated with barotrauma
- Full prosthodontic devices
- Unhealed oral surgery sites

Absolute Contraindications:

- History of...
 - stapedectomy
 - ossicular chain surgery
 - inner ear surgery
 - round window rupture
 - vestibular decompression sickness
- Monomeric TM
- Open TM perforation
- Tube myringotomy
- Facial nerve paralysis secondary to barotrauma
- Inner ear disease other than presbycusis
- Uncorrected upper airway obstruction
- Laryngectomy or status post partial laryngectomy
- Tracheostomy
- Uncorrected laryngocele

NEUROLOGICAL

Relative Contraindications:

- History of...
 - head injury with sequelae other than seizure
 - spinal cord or brain injury without residual neurologic deficit
 - cerebral gas embolism without residual, pulmonary air trapping has been excluded
- Migraine headaches whose symptoms or severity impair motor or cognitive function
- Herniated nucleus pulposus
- Peripheral neuropathy
- Trigeminal neuralgia
- Cerebral palsy in the absence of seizure activity

Absolute Contraindications:

- History of...
 - seizures other than childhood febrile seizures
 - TIA or CVA
 - spinal cord injury, disease or surgery with residual sequelae
 - Type II (serious and/or central nervous system) decompression sickness with permanent neurologic deficit
- Intracranial tumor or aneurysm

CARDIOVASCULAR

Relative Contraindications:

The suggested minimum criteria for stress testing is 13 METS.

- History of...
 - CABG or PCTA for CAD
 - myocardial infarction
 - dysrhythmia requiring medication for suppression
- Hypertension
- Valvular regurgitation
- Asymptomatic mitral valve prolapse
- Pacemakers-Note: Pacemakers must be depth certified by the manufacturer to at least 130 feet (40 meters) of sea water.

Absolute Contraindications:

- Asymmetric septal hypertrophy and valvular stenosis
- Congestive heart failure

PULMONARY

Asthma (reactive airway disease), COPD cystic or cavitating lung diseases all may lead to air trapping.

Relative Contraindications:

- History of...
 - prior asthma or reactive airway disease (RAD)*
 - exercise/cold induced bronchospasm (EIB)
 - solid, cystic or cavitating lesion
- Pneumothorax secondary to: thoracic surgery *, trauma or pleural penetration*, previous over inflation injury*
- Restrictive Disease** (*Air Trapping must be excluded) (**Exercise Testing necessary)

Absolute Contraindications:

- History of spontaneous pneumothorax
- Active RAD (asthma), EIB, COPD or history of the same with abnormal PFS or positive challenge
- Restrictive diseases with exercise impairment

GASTROINTESTINAL

Relative Contraindications:

- Peptic ulcer disease
- Inflammatory bowel disease
- Malabsorption states
- Functional bowel disorders
- Post gastrectomy dumping syndrome
- Paraesophageal or hiatal hernia

Absolute Contraindications:

- High grade gastric outlet obstruction
- Chronic or recurrent small bowel obstruction
- Entero-cutaneous fistulae that do not drain freely
- Esophageal diverticula
- Severe gastroesophageal reflux
- Achalasia
- Unrepaired hernias of the abdominal wall potentially containing bowel

METABOLIC AND ENDOCRINOLOGICAL

Relative Contraindications:

- Hormonal excess or deficiency
- Obesity
- Renal insufficiency

Absolute Contraindications:

- Diabetics on Insulin therapy or oral anti-hypoglycemia medication

PREGNANCY

Absolute Contraindications:

Venous gas emboli formed during decompression may result in fetal malformations. Diving is absolutely contraindicated during any state of pregnancy.

HEMATOLOGICAL

Relative Contraindications:

- Sickle cell trait
- Acute anemia

Absolute Contraindications:

- Sickle cell disease
- Polycythemia
- Leukemia

ORTHOPEDIC

Relative Contraindications:

- Chronic Back Pain
- Amputation
- Scoliosis - assess impact on pulmonary function
- Aseptic osteonecrosis

BEHAVIORAL HEALTH

Relative Contraindications:

- History of
 - drug or alcohol abuse
 - previous psychotic episodes
- Developmental delay

Absolute Contraindications:

- History of panic disorder
- Inappropriate motivation for scuba training
- Claustrophobia and agoraphobia
- Active psychosis or while receiving psychotropic medications
- Drug or alcohol abuse

2022 Winter Resident Camp Adult Leader Training Opportunities

December 27th - 9:15 AM - 11:30 AM (COPE Area)

Climb on Safely S74

Climb On Safely is the Boy Scouts of America's procedure for organizing BSA climbing/rap-pelling activities at a natural site or a specifically designed facility such as a climbing wall or tower. Any adult Scouter who successfully completes training in Climb On Safely is entitled to wear the temporary patch, No. 8631. Participants are issued a Climb On Safely card, No. 33774, that is current for two years from the date of training.

Instructors: COPE Department

December 28th - 9:15 AM - 11:15 AM (Admin Building)

Troop Committee Challenge WS10

Troop Committee Challenge has been developed to help troop committee members better understand their roles and responsibilities and help them deliver the promise of Scouting. The training program is designed to be delivered in a single, 2½-hour session.

Instructor: Mark Thielen (Council Training Chair)

December 29th - 9:15 AM - 11:30 AM, 1:15 PM - 3:15 PM (Admin Building)

Scoutmaster Specifics S24

Scoutmaster Position-Specific training is the BSA's initial level of training for the top leaders of Scouts BSA troops. It is designed for Scoutmasters, assistant Scoutmasters, and junior assistant Scoutmasters. However, committee members and other adults connected to a Scouts BSA troop are welcome to attend.

Instructor: Bruce Hassy (Council Director of Camping)
